**safe & secure**  
*by choice*

To report any incident 24/7, call

**877.202.2794**

All safety and security incidents should be reported to SHE via the Hotline as soon as possible.

Use the SHE Hotline to provide a first report for any kind of at-work incident or event, including:

- EVERY at-work injury, no matter how minor  
*(Note: Except for severe or life-threatening emergencies, you must call to report before seeking professional medical help)*
- All vehicle accidents  
*(Note: also contact local law enforcement to respond to every vehicle accident, no matter how minor)*
- Any damage to Atkins or other property
- Any spills or environmental releases
- Any theft, criminal actions, or security violations
- Any near miss  
*(an event where no injury, loss, or release actually occurred – but could have.)*

Incident reports should be made to SHE as soon as possible after they occur, and ALWAYS during the same work day they happen.
